to me

To Burland HOA Board:

I wish to announce my intent to run for the Burland HOA Board. I have a background on prior boards and non-profits. My most recent experience included my position as President of the green Mountain Water and Sanitation District. I was elected twice and survived an aggressive recall vote by a 3:1 margin. I am very effective with Roberts Rules. I was also Co-Director of the Lockheed Martin Veterans Denver Group and have worked as a Veteran Advocate with multiple organizations. In addition, I served as Chairman Pro-Tem of the JeffCo Republican CD-7. My experience to work with multiple & differing opinionated people helps me to work towards a responsible fiduciary goal for the constituents which puts the law and people as my priority. I am a Colorado native and currently retired from Lockheed Martin and working part time at Ace Hardware in Pine. I am a member in good standing with the Burland Recreation District (fishing ponds) and the Burland HOA.

V/r
