

NEED AN EXTRA HAND?

Living in the mountains is full of peace and adventure, as well as at times a huge challenge! 8370 Youth Group Volunteer Corps wants to be a part of this mountain community by taking care of each other and serving you!!

What To Expect: youth coming with adult supervision in their own transportation and tools/equipment to help you with your particular need, absolutely free. There is never a fee for the help. It is service. We will schedule with you ASAP with the number of folks needed for the job. We as a youth group are excited to learn and experience the essential goodness of serving each other as a community, and in the love of Christ. This also benefits us as our supervising adults offer our youth hands on experience as they work for you. **We want to make a difference in your day!**
